

ELECTRIC SABRE JACKET TYPES COMPARISON

NON-INOX

- Non-inox, non-washable
- Lining made of waterproof fabric
- Less durable due to oxidization
- Recommended for children and beginners with non-frequent use
- Not recommended for humid weather countries

WHITE INOX

- Inox, washable in 30 °C water by hand
- Lining made of waterproof fabric
- Very durable due to inox material
- White color
- 35 % nickel yarn in material
- Recommended for adults and competitors

INOX

- Inox, washable in 30 °C water by hand
- Lining made of waterproof fabric
- Most durable. Higher density of metal yarn reduces risk of dead spots
- Shiny, silver color
- 45% nickel yarn in material
- Recommended for adults and competitors
