

IMPORTANT SAFETY INSTRUCTIONS

1. Warning! Read all the instructions before using the equipment.
2. Danger! As the fencer plugs in/out his swinging socket to the reel he should stand next to the reel.

OTHERWISE THE SWINGING SOCKET THAT IS CONNECTED CAN INJURE THE FENCER, DAMAGE THE SWINGING SOCKET, THE CABLE OR THE REEL.

3. No one, who is connected to the reel, should run more than 18m, since he can remove the reel from its place. He may injure himself, or somebody else, damage the cable and the reel.
4. Do not touch any inner part of the reel, since the thin steel cover and the moving part can injure you.
5. Do not pull out the socket by the wire.
